

VOCene #26 📅 December 15th, 2009

In this VOCene:

I. Upcoming Events and Trips

- 1) Brian Waddington Hut New Year 2010 - Dec. 29 - Jan. 2
- 2) Winter Long Hike - Jan. 9-10
- 3) Avalanche Skills Training 1 Course - Jan. 16-17

II. Miscellaneous

- 1) VOC Photo and Video Contests
 - 2) What Happened to the VOCene Number?
-

I. Upcoming Events and Trips

- 1) Brian Waddington Hut New Year 2010 - Dec. 29 - Jan. 2

In what has now become an annual tradition, many VOCers head to the Brian Waddington Hut (aka Phelix Creek) to celebrate the New Year and shred the local gnar. It is one of the most beautiful VOC huts, and can hold the most amount of people, making for a pretty awesome New Years party. The hut can comfortably fit 24, and more if needed. You can stay for as little or as long as you want, everyone is welcome to come and go as they please.

Please note that this is not a guided/instructional trip, but more of a gathering of like minded powder hounds. However, if you've never been to the hut before, you'll most likely find someone willing to show you the way.

The terrain isn't exactly friendly for people who have never skied before, but you don't need to be an expert to come. Having done an AST (Avalanche Skills Training) course (or equivalent) is highly recommended. Most of the slopes surrounding the hut are generally labeled "intermediate" or "advanced", but there are some very short beginner level runs behind the hut.

More details and signup on the message board and wiki:

- 2) Winter Long Hike - Jan. 9-10

Is it that time of year already? Winter Long Hike is just a month away! Everything is different when you go into the backcountry in the winter; that's why there is Winter Longhike, an introductory trip for winter camping. This is usually a big trip with lots of keen people aboard who want to get out, learn some new skills, and sleep in their very own snow shelter while still managing to have fun too. It's an easy, beginner friendly trip, so if you've never even seen snow before you

can still have a good time.

3) Avalanche Skills Training Course - Jan. 16-17

Taking an avalanche course is a great idea for anybody who will be in the mountains in winter. On skis or snowshoes, with the VOC or without the VOC, no matter what this course will be of great benefit. The VOC is organizing four different avalanche courses; two in December and two in January. The courses are run by Canada West Mountain School, but are offered through the VOC for a significant discount!

This course is the AST1 course, which is the first level of training offered by the Canadian Avalanche Association. It is the first step towards being aware of and managing risks in the backcountry. Avalanche course students learn about some snow science basics, terrain, route finding, snow stability testing and rescue. The courses are being offered either at Mt. Seymour or a combination of Whistler and Mt. Seymour, and will cost \$170 or \$210 depending on whether you need a Whistler lift ticket.

All of the courses are currently full, however if you missed out then post on the message board. If enough people really want to do a course we may be able to fill up another one.

More info on the message board:

II. Miscellaneous

1) VOC Photo and Video Contests

In addition to the annual VOC Photo Contest, this year we'll also be holding the inaugural VOC Video Contest. Details of the contests have yet to be decided, but remember to keep shooting photos and video of anything you deem worthy while you're out with the club! Around this time of year there are guaranteed to be some spectacular tele bails which could make some interesting clips!

2) What Happened to the VOCene Number?

If you did in fact notice that we went from issue #14 to #26, then congratulations. But don't worry, it's just a change in our archiving system... you haven't slept through 3 months of winter.

CONTRIBUTIONS to the VOCene are welcome. Please send all inquiries or additions to: vocene@ubc-voc.com. To unsubscribe from the VOCene mailing list, sign in at <http://www.ubc-voc.com/member/update.php> and uncheck the want VOCene box
